

W-COLLECTION

W-COLLECTION

The W-Collection exists of genuine period hardware models from the turn of the 20th century and its first half. Reflecting the architectural styles of modernism like amongst others Bauhaus, Art Deco, Style Moderne and Beaux Arts, the W-Collection fits perfectly in contemporary and transitional projects as well as in period restoration projects as in new old projects.

Each piece is made in heavy solid brass and finished in all possible different surfaces to the highest standards known on the market of decorative fittings and hardware.
